<b>Place of Work:</b>	<b>Moulton Community Centre, Reedings Moulton, NN3 7AX</b>

---

### **Applications are invited for the post of Community Connector**

- Do you thrive on working with people and encouraging them to be the best they can be?
- Are you an excellent communicator?
- Would you like to make a real difference to the lives of others?

Working with an enthusiastic and passionate team of GPs, Parish Councillors and Support Workers, you will lead the implementation of our Health & Wellbeing Strategy and encourage use of our Community Centre and Library. This is a place for local people, volunteers and agencies to come together and get involved. You will be based at the Community Centre Welcome Desk and assist volunteers in the running of the Community Managed Library. The Community Connector will also be responsible for the day to day running of our Community Managed Library

This will involve sourcing and working with volunteers and local agencies to create a great network of events for support, learning and leisure activities. You will work with all age groups, but have a clear understanding of and be a champion of older people.

You will enable and encourage people to become active participants in community life, whilst planning services that promote health, wellbeing, learning, fun and independence. You will support people to get the most out of where they live, access local services and encourage them to give their time, talent and experience. You will actively recruit volunteers for our Good Neighbour Scheme, Car Scheme and Community Managed Library (and develop a volunteer database).

The successful candidate will be subject to an enhanced Disclosure and Barring Service check and will require a full clean driving licence and access to a vehicle.

The Community Connector will form and maintain key relationships with partners and community resources across Moulton and the surrounding areas.

The Community Connector will work together with Surgery social-prescribing staff to support patients to access and utilise services within their local communities which will help them address any underlying issues impacting on their health and wellbeing. By taking a person centred and holistic approach we will support individuals to identify and achieve positive outcomes. This approach will empower people to better manage their own wellbeing; combating isolation, providing motivations for lifestyle change, building confidence and support networks, linking to practical resources and help people navigate additional services.

The successful candidate will need to demonstrate excellent organisational and communication skills, as well as an ability to work efficiently and accurately.

For further details or to request an Application Pack, please contact Jane Austin, Executive Officer, Moulton Parish Council by email: [info@moultonparishcouncil.org.uk](mailto:info@moultonparishcouncil.org.uk)

**Closing date: Friday 9<sup>th</sup> April 2021**

**Interviews to be held during April 2021**
